UI/UX Designer with AI product experience and technical background in JavaScript, HTML/CSS, and React.

EXPERIENCE

COROS AI Kirkland, WA
AI Designer Oct 2025 - Present

- Designing user experiences for an AI-powered ontological coaching platform, creating website interfaces and product features in Figma.
- Conducting data analysis and metrics tracking using Mixpanel to inform design decisions and optimize user engagement with AI coaching features.
- Collaborating directly with the engineering team to implement designs and ensure cohesive integration of AI capabilities within the user experience.
- Developing marketing materials and visual assets supporting brand identity and user acquisition efforts.

CONSULTA IMMIGRATION Remote
UI/UX Designer Feb 2025 - Sep 2025

- Served as sole designer, creating end-to-end user flows and high-fidelity Figma prototypes for an AI-powered immigration chatbot, client web platform, and attorney portal.
- Designed interactive, investor-facing prototypes that visualized future product features and workflows, helping communicate the company's product vision and user experience potential.
- Collaborated directly with founders and front-end engineering team to define design strategy and establish a cohesive visual system.

Senior Capstone, University of Washington Seattle, WA
UI/UX Designer & Researcher Jan 2025 - May 2025

- Led UI/UX design for virtual museum platform providing interactive access to 32,000+ digitized artifacts and historical content.
- Developed design guidelines ensuring visual cohesion, accessibility, and intuitive user experience.
- Conducted user research (interviews, surveys) informing interactive features including 3D artifact exploration and gamification elements.
- Designed scalable interface with multimedia navigation and non-linear storytelling to enhance educational engagement.

K-12 Outreach Workshop Program, Directed Research Group, University of Washington Seattle, WA
UX Researcher & Workshop Facilitator Sep 2024 - Dec 2024

- Assisted in developing and facilitating interactive human-centered design workshops for K-12 students in two Seattle-area schools.

Inclusive Teaching Toolkit Co-Design, Directed Research Group, University of Washington Seattle, WA
UI/UX Designer & Research Assistant Jan 2024 - May 2024

- Conducted user interviews, usability tests, and A/B testing to refine an inclusive teaching toolkit, iterating Figma prototypes that were published on UW's HCDE website.

EDUCATION

UNIVERSITY OF WASHINGTON, SEATTLE CAMPUS Seattle, WA
Bachelor of Science Sep 2021 - Jun 2025
Major in Human-Centered Design and Engineering
GPA: 3.8; Dean's List 2022-2025

SKILLS

Design Tools: Figma, Adobe Illustrator, Adobe Photoshop, Sketch, Framer, Webflow
UX Methods: User Research, Usability Testing, Information Architecture, Wireframing, Prototyping, Design Systems, Responsive Design, Accessibility/WCAG
Development: JavaScript, HTML/CSS, React, Java, Python, SQL, API Integration
Analytics: Mixpanel, Data analysis and visualization
